**December – No Meeting**

# NEW TRIP

## COPPER BREAKS STATE PARK

**Wednesday, November 20 - Saturday November 23**

*Learn the ancient art of using an atlatl*

Located about 3 hours west of Dallas, Copper Breaks has been designated an International Dark Sky Park. The stargazing should be great. The Leonid meteor shower will be active, and the conjunction of the Moon and Mars will provide an interesting night sky. We have 2, water only group campsites reserved for a max of 12 campers. There is a new park ranger who will arrange a hike and a visit to the resident Longhorn herd, as well as archery and atlatl sessions for our group.

**Please sign up by texting Allison Gilani at 214-728-5752**

---

## **DON'T FORGET TO DOWNLOAD THE INATURALIST APP FOR THE MEETING ON THE 9<sup>TH</sup>!**

Marie has a great meeting planned with a presentation on the app inaturalist, one of the world's most popular nature apps that helps you identify the plants and animals around you.
